Technical Evaluation Report by J.P. Landolt and H.J. O'Neill	T
Keynote Address 1: Contingency Operations: The Challenge of the Post "Post-Cold War" Era by J. de Chastelain	K1
TOPIC I: SUSTAINED AND CONTINUOUS OPERATIONS	
SESSION I: EXTENDED OPERATIONS: EFFECTS OF SLEEP LOSS AND FATIGUE ON PERFORMANCE	
Sustained Air Operations: Prolonged Duty Overnight by A.N. Nicholson and B.M. Stone	1
Aircrew Performance during Extended Simulated Bomber Missions by J. Whitmore, J. French and S. Armstrong	2
Gestion des Repos et Evolution des Manifestations de Fatigue chez les Pilotes selon les Rotations by R. Mollard, P. Cabon, F. Mourey, S. Bougrine and A. Coblenz	3
Evasive Maneuvers and High-G Flight Safety after Sleep Deprivation by T.L. Chelette, R.L. Esken, L.D. Tripp and W.B. Albery	4
Discussion #1	D1
SESSION II: EXTENDED OPERATIONS: NON-PHARMACOLOGICAL MANAGEMENT	
Pros and Cons of Strategic Napping on Long Haul Flights by P.J.L. Valk and M. Simons	5

Early Starts: Effects on Sleep, Alertness, and Vigilance 6
by M. Simons and P.J.L. Valk

Discussion #2 D2

**SESSION IIIA: EXTENDED OPERATIONS:
PHARMACOLOGICAL MANAGEMENT**

Neurobiological Basis of the Pharmacological Management of Sustained Alertness (Abstract) 7
(Bases neurologiques de la gestion pharmacologique de l'éveil (Résumé))
by M. Jouvet

**The Efficacy of Dextroamphetamine for Sustaining Helicopter Pilot Performance:
An In-Flight Evaluation** 8
by J.A. Caldwell, Jr

Pharmacological Sleep Management: Interest of Modafinil® 9
(Gestion pharmacologique du Sommeil: Intérêt du Modafinil®)
by D. Lagarde

Modafinil Effects on Spatial Cognition during 60 hours of Sleep Deprivation 10
by C. Raphel, D. Esquivié, P. Stivalet, C. Cian, J.V. Baranski, D. Leiffen, D. Poquin
and P.-A. Barraud

Caféine à Libération Prolongée: Une Contre-mesure Pharmacologique Efficace 11
(Slow Release Caffeine: A Valid Pharmacological Countermeasure)
by B. Sicard, D. Lagarde, D. Batejat, F. Chauffard, M. Enslin and P. Tachon

**Cognitive Performance during a 64-hours Sleep Deprivation: Interest of a Slow
Release Caffeine** 12
**(Performance cognitive de sujets soumis à une privation de sommeil totale de 64 heures:
intérêt d'une forme à libération prolongée de caféine)**
by Ph. Doireau, D. Batejat, F. Chauffard, M. Enslin, P. Tachon, S. Pradella and D. Lagarde

**Evaluating Crew Performance after Anti-Emetics: A Screen for Assessing Military Relevant
Medications** 13
by J. French, T.A. Benline and E. Poole

Discussion #3 D3

**SESSION IIIB: EXTENDED OPERATIONS: PHARMACOLOGICAL MANAGEMENT
(INCLUDING USE OF MELATONIN)**

Melatonin and its Role in Circadian Rhythm Disruption 14
by G.M. Brown and E.C. Vos

Melatonin, Miracle Drug or Just Jet Lag Therapy? 15†
by R. Steffen and A. Suhner

† Paper not available at time of printing

Urinary Melatonin Excretion in Airline Pilots Submitted to Transmeridian Flights	16
by J.A.F. Tresguerres, C. Ariznavarreta, B. Granados, M. Martin, M.A. Villanua, D. Golombek and D.P. Cardinali	

Paper 17 withdrawn

Aviator's Grounding Time after Melatonin Administration during Rapid Deployment Missions	18
by C.A. Comperatore, D. Wright, M. Day-Clayton, P. Riuvera, R. Bey-Wright and A.W. Kirby	

Zolpidem, Vigilance et Capacités Psychomotrices de Personnels au Sol et de Pilotes (Résumé)	19
by B. Sicard	

Discussion #4	D4
----------------------	-----------

TOPIC II: MEDICAL MANAGEMENT IN REMOTE LOCATIONS

SESSION IV: AEROMEDICAL SUPPORT ISSUES: LOGISTICS AND EVACUATION

Medical Support to the UN Special Commission in Iraq: April - September 1996	20†
by A.J.I. Dines	

Operational Determinants of Medical Planning	21
by T.M. Gibson	

Casualty Care for 2010 and Beyond	22
by R.A. Hersack, P.K. Carlton, Jr and J.C. Farmer	

Experiences of the Critical Care Air Transport Teams (CCATT) during Operation JOINT ENDEAVOR	23
by R.A. Hersack, D. Lawlor, P.K. Carlton, Jr, W. Beninati, T.E. Grissom, C. Morales, S. Derdak, and J.C. Farmer	

Evolving Doctrine in the Theater Aeromedical Evacuation System (TAES): Operation JOINT ENDEAVOR/GUARD and Beyond	24
by P.M. Miller	

Paper 25 withdrawn

The Mobile Field Surgical Team (MFST): A Surgical Team for Combat Casualty Care in the Information Age	26
by P.K. Carlton and J. Pilcher	

Discussion #5	D5
----------------------	-----------

SESSION V: AEROMEDICAL SUPPORT ISSUES: TECHNOLOGICAL AIDS AND SOLUTIONS

The Provision of Intensive Care Medicine in Austere Field Locations	27
by J.C. Farmer, P.K. Carlton, Jr, R. Kilpatrick, S. Derdak, R. Hersack, C. Morales, J. King, J. Ramon, B. Beninati, T. Grissom, D. Lawlor, E. Guz and B. Biggers	

† Paper not available at time of printing

Point-of-Care Testing: Can it be Adapted for the Field Environment? by T.E. Grissom and D. Lawlor	28
Use of Point of Care (POC) Laboratory Devices by Critical Care Air Transport Teams (CCATT) of the United States Air Force by D. Lawlor and T.E. Grissom	29
Life Support for Trauma and Transport (LSTAT™): A NATO Litter-Based Critical Care Transport Platform by F.J. Pearce, W.P. Wiesmann, J. Hale and J.R. Licina	30
An Integrated Medical Monitor for Aeromedical Use by W.R. Dyck and A.J. Nichols	31
Spinal Cord Injury Transport System by B.-M. Mason	32
Advanced Hybrid Oxygen System - Medical by B.-M. Mason and M. Elsass	33
Mechanical Ventilator Performance during Aeromedical Evacuation by T.E. Grissom, K.S. Papier, D. Lawlor, J.C. Farmer and S. Derdak	34
The Use of Ultrasound in Military Traumatology by A. van Dalen	35
Discussion #6	D6

SESSION VI: CONTINGENCY OPERATIONS: THE MANAGEMENT OF OPERATIONAL MEDICAL PROBLEMS

Trauma Surgery for Contingency Operations: Test Based Improvements by P.K Carlton, A.T. Putnam, D. Bradley, J. Coopwood and J. Pilcher	36
Paper 37 withdrawn	
Temporary Arterial Shunts for Management of Major Extremity Arterial Injury: A Field Expedient Bridge to Definitive Surgical Reconstruction by D.L. Dawson, J.T. Light, A.T. Putnam, D.P. Kissinger and D.V. Bradley	38
Blood Substitutes in Contingency Operations by A.A. Magnin and F.J.L. Carmichael	39
Paper 40 withdrawn	
Paper 41 withdrawn	
Discussion #7	D7

SESSION VII: CONTINGENCY OPERATIONS: CONTROL OF COMMUNICABLE DISEASES

A Worldwide Epidemiological Survey on the Infrastructure for Prevention of Communicable Diseases in the Military by R. D'Amelio and D.L. Heymann	42
--	-----------

Prevention of HIV Infection and Sexually-Transmitted Diseases in Contingency and Peacekeeping Operations by S.J. Kingma	43
Priorities in Immunizations for Peacekeeping Forces by R. Steffen	44
Compliance with Anti-Malarial Preventive Measures by Deploying USAF Personnel for Operation ASSURED RESPONSE by C.S. Williams	45
Air Evacuation Under High-Level Biosafety Containment: The Aeromedical Isolation Team by G.W. Christopher and E.M. Eitzen, Jr.	46
Discussion #8	D8

TOPIC III: MEDICAL INFORMATION

SESSION VIII: CONTINGENCY OPERATIONS: INFORMATION MANAGEMENT INCLUDING USE OF DEPLOYMENT TELEMEDICINE

Medical Global Command and Control System by S.E. Hughes	47
Evolution of a Global Military and Civilian Telemedicine Network for the 21st Century: Near Future on Demand, Space Based Delivery of Multimedia Services by J.A. Evans, F. Davidson, J. Sanders, T.G. McInerney, W.T. Brandon and L.M. Row	48
Paper 49 withdrawn	
Telemedicine in Support of Operations in Remote Locations by T. Morris, R.H. Vandre, M. Rocca, J.I. Roller and T. Salisbury	50
The Potential Uses of Telemedicine to Augment Critical Care In-the-Air by J.C. Farmer, P.K. Carlton, Jr., R. Kilpatrick, S. Derdak, B. Beninati and T.E. Grissom	51
Light Weight and Portable Telemedicine Workstations: The MUSTPAC Experience by C.R. Macedonia, R. Littlefield, G. Eglinton and L. Skelly	52
StatRad - A Portable Imaging Center for Remote/Hostile Environments by M.W. Freckleton and T.G. Johnson	53
Teleradiology in the Armed Forces of the Netherlands by H.J. Prins	54
Discussion #9	D9

TOPIC IV: ADAPTATION TO OPERATIONAL CONDITIONS

SESSION IX: CONTINGENCY OPERATIONS: LEADERSHIP AND MANAGEMENT ISSUES

Keynote Address 2: Coping with Stressors in Peacekeeping Force Deployments: The Role of Medical Leadership by D.R. Jones	K2
--	----

Contingency Operations: The Challenging New Paradigm by A.L. Moloff	55
Headquarters Medical Support to a Multinational Peacekeeping Force: The Lessons of IFOR by D.A. Salisbury	56†
Stress Factors in the SPAF Personnel Assigned to Humanitarian and Peace Keeping Operations by J. Medialdea Cruz and F. Rios Tejada	57
A Conceptual Approach to the Study of Stress in Peacekeeping Personnel by P.J. Murphy, K.M.J. Farley and T. Dobрева-Martinova	58
Stress in Peace Support Operations: Recent Canadian Experiences by P.J. Murphy, K.M.J. Farley, T. Dobрева-Martinova and C. Gingras	59
Paper 60 withdrawn	
Motivation Structures of the Czech SFOR Units Members by J. Řadová	61
Discussion #10	D10

† Paper not available at time of printing
